If we build one better we are able to use the replacement cost to rebuild as original up to \$26,700. NO cage this year. We will need other plans and options.

Morley has made contact with our community sport associations with the option to approach Panorama to build a community center at Centennial Park. A good option would be Indoor Lacrosse Court with multi use options for community uses and sport practice.

Uniforms - Order more blast ball uniforms as we only have 35.

Possibly get hand me down uniforms from Mariners old (throw aways) for Junior. Brad has go ahead to pay \$1/ jersey for the Juniors.

If we go to 4 teams Majors we need another set of uniforms. The other three sets of vests are getting old also. We will go to two button shirt. No vests. Going to solid colour socks.Hats are in. Morley will be picking them up this week.

Equipment - Looking for new equipment manager as John is stepping down. Vince will help out this year. 10 teams of blast ball. So we will need to get that many bags prepped.

Round Table - No tournaments here this year.

Don't want to sacrifice Minors division putting too many kids into Majors. We need to balance skill, development and entertainment for kids, and coaches.
