**Character Courage Loyalty**

March 19, 2019

Dear fellow community member,

Your community Little League has endeavoured to build an indoor training facility so that kids ages 3 thru 16 can come together year-round. This has been no small undertaking and we are the only league on Vancouver Island to tackle this type of project for our families. One of the biggest reasons for this is cost. We are building a \$200,000 plus facility that should last 50+ years!

We need your help to complete our goal. Central Saanich Little League is looking to raise funds so that this facility can be completed this summer. The ground work has begun with the excavation complete and footings in place. Expectations are for the concrete pad plus electrical supply and drainage to be done near the start of April. We are then looking to build the already purchased complex in April/May.

It is with gratitude that we can provide a community based non-profit baseball program for kids on the Saanich Peninsula. Because of people like you we can keep registration costs low and provide facilities for generations to come. We do this so that more kids and their families can come together to enjoy learning the value of community and much more. We are more than a baseball program. Our number one goal is to raise good kids. We share the values of character and integrity with all our members.

If you can help with a cash or material donation, please contact myself at your earliest convenience.

Yours in community,

A handwritten signature in blue ink, appearing to read 'Morley Wittman', with a long horizontal flourish extending to the right.
